NAFS

National Alliance for Safe Food (NAFS) established on February 25, 2016 under Society Act 1860. The board members of NAFS develop innovative initiatives and programs to create Food Safety Culture in Pakistan. NAFS members have strong believed on academia-industry linkages and act as bridge between all entities. Now, NAFS is Pakistan's largest food professionals network with an energetic and dynamic team, organized hundreds of National and International events including conferences, Symposiums, Summit, capacity building sessions, trainings, seminars, policy Dialogues, consultancy clinics and much more with the close collaboration of Food Authorities, PNAC, PCSIR Ministry of Science and Technology, International NGOs, Universities, Research Institutes, SMEDA, Chamber of Commerce, Trade & Consumer associations, Regulatory and Certification Bodies.

Vision:

Safe Food, Healthy Nation

Mission:

To strive for Safe Food Production and Consumption for betterment of Human Society by training and educating manufacturers and Consumers.

Message from President

The National Alliance for Safe Food enjoyed another successful year in 2019 and living in year 2020. Key to that success was an emphasis on collaboration, not only across our team members but also with Food Authorities, Development Organizations, Manufacturers, Consumers, as well as with Academic & Research Institutes, Food Technologists and civil society.

As an organization, we strive to put our best foot forward every day to serve the public in the most efficient and effective ways possible. In this year's Report, we are pleased to show the highlights of our activities.

I hope you enjoy reading this Report and that it gives you further insight into the work that we do and the progress we have made as an organization. Our team members are our greatest resource, and I'm proud to say we have a team committed to working together for the success of our Organization. As we are in year 2020, I would like to take a moment to thank my team member, for their incredible contributions to this organization and public health (training and educating, respectively). I thank them for their service and tenacity and their dedication throughout the period. Lastly, I would like to thank all of our partners for their support, dedication and services.
